

## **A I M E E K O N O W A L**

Aimee Konowal works for the Colorado Department of Public Health and Environment at the Water Quality Control Division. Aimee has been with the Division since 2000 and in this time she has worked on various water quality issues including the development of standards to protect uses in Colorado waters, the development of protective certifications for federal Army Corps of Engineers 404 Permits and oversaw the development of Colorado's 303(d) List of Impaired Waters. In her current position as the Watershed Section Manager, she leads a team of scientists to monitor, assess, protect and restore waters across the state of Colorado. Aimee holds a Bachelor of Science in Industrial Engineering from Pennsylvania State University and a Master's of Science in Environmental Studies from California University of Pennsylvania. Aimee is a 2014 alumnus of the Water Education Colorado Water Leaders Program.
